SUBJECT: COVER, (NONOFFICIAL) - GENERAL
(Proposal for A&E Assessment of Potential
REDSKIN Agent Candidates)
#90682

2. As indicated in the referenced memorandum, CCG feels that the (PSYCHOLOGICAL ASSESSMENT ASSOCIATES) (see copy of SR memorandum dated 3 February 1961 and my memorandum dated 21 February 1961) should not be utilized. This decision was made as a result of a conversation between Mr. Howard OSBORNE, Deputy Chief, SR Division, and Mr. Jack SOUTHARD, Chief, CCG/NC.

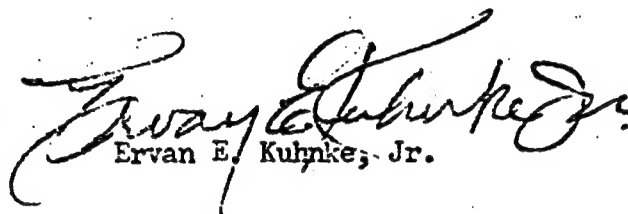

3. A meeting was called on 27 February 1961 to determine the type of cover organization that should be substituted for this purpose. After considering the matter at length, it was ascertained that the Agency has a cleared (employment) service in (Pittsburgh) which could possibly be utilized as an initial A&E assessment. This firm, the EMPLOYMENT SERVICE COMPANY, is located in the Union Trust Building, (Pittsburgh, Pennsylvania,) and is managed by (Margaret A. KEARNEY) (see SSD File 95018). It was agreed that if the (EMPLOYERS SERVICE COMPANY) could provide the needed cover, two OTR psychologists would be documented in true name with that firm in (Pittsburgh,) CCG (Frank O'MALLEY) will make a trip to (Pittsburgh) in the next few days to determine whether Miss (KEARNEY) is amenable to the proposed arrangement. The two psychologists selected were Doctors BRADT and (McKEE) on whom credit checks were recently completed with negative results as to Agency employment.

4. It was further ascertained at this time that Mr. Howard OSBORNE desired that all training and assessment of REDSKIN Agents who pass the initial screening be conducted

outside the Washington, D. C. area. Most of the training will be conducted in an SR safe house in New York. The SR representative will probably request a safe house in Baltimore for the final assessment and processing of those REDSKIN Agents that are cleared in the initial screening by either BRADT or (McKEE).⁰⁶ It should be noted at this point that SR Division plans to process thirty or thirty-five REDSKIN Agents this year. Time is, of course, of the essence, in view of the fact that these people will have to be assessed, security-cleared, briefed, and trained, and arrangements for grants made before the summer season.
